

Taylormotive Service Ltd.

174 Pemberton Avenue
North Vancouver, British Columbia
V7P 2R5

Dear Taylormotive Service Ltd.,

THANK YOU for your continuing commitment to I-CAR training and congratulations on achieving your full Gold Class status for the coming year. The Gold Class status verifies that your business is staffed by Gold Class professionals. Whether you are a collision repair shop, insurance company, glass business or recycler, the Gold Class emblem denotes the highest level of collision repair training.

To maintain your Gold Class status, each technician, estimator or appraiser must be designated in a role, and acquire at least six hours of I-CAR training per year. For further details, please visit www.i-car.ca. Logging in to the website also lets you view your training records and upcoming training schedules, and register and pay for training.

The Automotive Industries Association of Canada (AIA) is a national trade association representing the automotive aftermarket industry in Canada. AIA represents manufacturers, re-builders, manufacturers agents, warehouse distributors, national distributors, buying groups, wholesalers, machine shops, retailers, and through its councils, the interests of collision repair shops and automotive service and repair outlets. AIA Canada has been delivering I-CAR training in Canada since May 1, 2010.

Congratulations on your achievement!

Sincerely,

Andrew Shepherd
Executive Director, I-CAR Canada
